## **HomeSafe Alliance Joins Leading National Moving and Transportation Industry Associations**

*America's military move management company joins the National Defense Transportation Association (NDTA), International Association of Movers (IAM) and American Trucking Association (ATA)*

**Houston, TX** – [HomeSafe Alliance](#), the premier move management provider for the U.S. Armed Forces, Department of Defense Civilians, and their families, is proud to announce their memberships with the [National Defense Transportation Association](#), [International Association of Movers](#), and [American Trucking Association](#).

"Teaming with the global moving, transportation, and logistics industry, we will transform the relocation experience for our nation's military, defense civilians, and their families" said **Alan Thompson, Chief Executive Officer of HomeSafe**. "As a member of NDTA, IAM, and ATA, HomeSafe will be a powerful voice for the military moving industry that has not previously existed."

"HomeSafe Alliance is an organization that serves those who serve our country – our servicemembers and their families," said **William A. Brown, Vice Admiral (Ret.), President and CEO of the National Defense Transportation Association (NDTA)**. "We're delighted to have HomeSafe Alliance as a trusted new member of NDTA. We look forward to working together regarding our mission to always be improving our government logistics and transportation capabilities—and servicemember support!"

"Pursuing a membership with IAM is about more than just checking boxes," said **Charles "Chuck" White, President of the International Association of Movers**. "It demonstrates a dedication to bettering the moving industry, and we're so glad to see HomeSafe Alliance making this commitment to improve military members and their families' moves, and the industry overall."

"We're excited to have HomeSafe Alliance as a member of the ATA Moving & Storage Conference," said **Ryan Bowley, Executive Director of the American Trucking Association (ATA) -Moving and Storage Conference (MSC)**. "Our members are

proud to support national defense by moving our servicemembers and their families, and we look forward to continuing to help build partnerships across the industry.”

As the awardee for the U.S. Transportation Command Global Household Goods Contract (GHC), HomeSafe will be the exclusive household goods move management provider for the U.S. Armed Forces and Department of Defense. HomeSafe is dedicated to providing a customer-focused relocation experience using cutting-edge technology for service members and service providers alike.

Under the GHC contract, HomeSafe will integrate secure electronic services and collaborate with various parts of the moving industry to dramatically improve the domestic and international relocation process for military personnel and their families.

HomeSafe is hiring for a variety of positions with a special focus on hiring military spouses and veterans.
